STANDARDS OF CONDUCT

We at Biola uphold integrity as a core value of our community. Members are expected to demonstrate a commitment to the value of integrity in word and deed and to take responsibility for their own violations of behavioral guidelines.

We at Biola recognize that Scripture condemns sins of the heart, such as covetousness, selfishness, ambition, envy, greed, lust and pride. By their very nature, these sins are more difficult to discern, but because they lie at the heart of relationships, they are of central concern to the Biola community. We confess and repent of these sins as we become aware. We also do not condone practices that Scripture forbids, such as occult practices, sexual relations outside of marriage, homosexual behavior, drunkenness, theft and dishonesty. Members of the Biola Community have committed to abstain from these practices.

We at Biola recognize that the abuse of tobacco products and alcoholic beverages presents a danger to personal and communal health. Biola students have committed not to use or possess these products while enrolled at our institution.

We at Biola willingly put ourselves under the authority of the people in leadership, and agree to abide by these and other standards the University deems necessary for the betterment of our community and the fulfillment of the University's mission before God. We understand that as people in authority, they are still fallibly human, prone to making mistakes. However, we trust that these servants of Biola will always seek to be loving and humble, and are working to provide the best possible environment for all members of the Biola community.

Will you abide by these standards of conduct while enrolled at Biola University? YES NO
